INTRODUCTION

1 00% focus on JAGABAN (Asiwaju Bola Ahmed Tinubu, ABATIFIED) was a big idea and deep aspiration of the struggling youths of our great nation that has been burning inside them who are littered all over Northern Nigeria in particular, in Diaspora and other parts of the country respectively. This big idea evolved in Azare, Katagum Local Government Area of Bauchi State in October 2021.

In the course of our social journey, among the numerous entities, 3 groups evolved and formed a social purpose vehicle (SOPV) to unveil the struggle and ambition of great mentor, a sagacious leader with ideas that can conquer the world, a Kingmaker who has decided to become the King himself, namely:

- Abokan Al'ummah (Friends of the Society for Good Governance),
- Dot Net Hub Foundation and
- A-Team Youths and Women Development Initiative.

VISION:

To propagate the unique Leadership style of JAGABAN and the enormous value it will bring to the electorate and the good citizens of Nigeria.

MISSION STATEMENT

To utilize the valuable time of the electorate through productive and mutually beneficial activities in order to achieve our purpose of educating them and giving them the right direction to vote for the right candidate, JAGABAN.

100% FOCUS MOVEMENT OBJECTIVES;

1. To contribute the collective Northern Nigerian votes to JAGABAN'S Presidential victory.
2. To promote JAGABAN'S presidential ambition through maximizing the energy of the youthful population and absorb them in sporting activities such as Soccer, Horse Riding, Local Wrestling etcetera.
3. To conduct sensitization programs and showcase JAGABAN'S achievements across the 19 Northern States and FCT in politics, social works and the public sector respectively.
4. To engage women, vulnerable groups and people living with disabilities in the campaign train through skill acquisition programs, mentoring/counseling, humanitarian services in order to carry every citizen along in the future prosperity of our dear country.
5. To provide a Strategy room for data gathering and analysis such as past voting pattern, voter appeal, voter education, voter registration and other citizen's views and input that will add value to our success in Northern Nigeria in particular and the country at large.
6. To provide adequate political machinery that will reach out to each and every polling unit in Northern Nigeria in order to neutralize the opposition and mobilize voters in our favour and the final victory of JAGABAN.

YAINGANTATA:

AN OPEN LETTER TO ASIWAJU BOLA AHMED TINUBU (ABAT) (Jagaban Borgu Emirate)

JAGABAN IS OUR FOCUS TODAY
JAGABAN SHINE ALQIBLARMU A YAU

There is an MTN message that keeps popping up daily on my phone: “You Don’t Have To Be Great To Start, But You Have To Start To Be Great”.

We are filled with profound gratitude to Almighty God, The Eternal, and The Absolute for the blessings of life, good health, and the liberty to interact with our friends, family and all citizens of our dear country. We pray to God to forgive our shortcomings and to strengthen our resolve to secure the right leadership (despite the trials and tribulations afflicting our enviable country—Nigeria). We are indeed grateful to the numerous voices of our people and

the fourth estate of the realm (who are always supporting the vulnerable groups by transmitting the right information to the public to kindle hope, peaceful co-existence and the right to be heard in the society). We appreciate your presence and commitment to a better Nigeria.

Friends of the Society for Good Governance (Abokan Al'ummah) is a social organisation with a passion to engender hope, peaceful co-existence and service to humanity. Our

resolve was borne out of the discipline and qualities of good leadership from our parents, scholars, and community leaders that have imparted a positive attitude toward volunteerism for social works to achieve growth and harmony in our society. In the course of our journey, we are interfacing with Humanity Visions Gender Development and Sustainable Initiative (alias Humanity Visions), an NGO occupied with humanitarian activities- working in Northern Nigeria. We are in partnership with A-Team Youths and Women Development Initiative (an enterprising association that has an entrepreneurial appetite to groom youths and mentor women under their umbrella courtesy of over 200 cooperatives that have keyed into their programs).

Furthermore, with the generous sponsorship of Dotnet Hub Foundation (a world-class humanity organization with social projects spread all over Northern Nigeria), we have been able to organize ourselves as a strategic movement to develop a synergy by creating a social purpose vehicle (SOPV) to promote interaction with citizens of our country on topical issues premised on power shift, developmental leadership, quality representation and good governance. We congratulate our National Chairman, the NWC, the Convention committee and all members of our great party, the All Progressives Congress (APC) for a wonderful political outing by conducting a

successful, free, fair and transparent special convention to nominate our presidential flag-bearer under the watch of our leader President Muhammadu Buhari GCFR. We are profoundly grateful to the APC Northern Governors and the APC Stakeholders for exhibiting wisdom and brotherhood in embracing the seamless transfer of power to the South.

At this point, I quote; Ellen Johnson Sirleaf (The former President of Liberia) who once said:

“Leadership is never given on a silver platter, one has to earn it”.

Asiwaju Bola Ahmed Tinubu is a Certified Political General who has been leading the war from the frontline to liberate and entrench a genuine civil democracy in Nigeria. He has been a Senator under the aborted democratic exercise in 1993; he then transited from the senatorial zone to become the Governor of Lagos State for two (2) terms. In the course of his leadership strides, he invested in different personalities and sent them to the Southwestern states where his influence reached as far as Edo, Kwara and Kogi States respectively. He was able to create a pool of competent leaders over the years which has confirmed his position as the indefatigable leader of the South West region.

His political ingenuity and intervention became a game-changer in the presidential quest of

our great party, the APC and disrupted the political path of the then incumbent government of PDP in 2015. He has been in the centre since then as our National Leader despite the turbulence and the crisis confronting our party, he has been consistent, patient and genuinely concerned with the deep-rooted problems confronting us as a people. He is easily admired as a leader who knows how to employ solid brains and capable hands to drive the wheels of governance.

A Yoruba Proverb:

“Only A Thing For Which You Have Struggled Will Last”.

'Jagaban' has created his brand despite contemporary political trials and hurdles, he is a leader par excellence, a patriot without boundaries with an unfiring capacity to nurse, nurture, mentor and develop ordinary people to become leaders of repute. 'Jagaban' is seen as someone who wields enormous influence, is quiet and unassuming but a skilful team player, and is a flawless political strategist with in-depth knowledge of the political malady of the country.

A Ghanaian Proverb:

“Only A Wise Person Can Solve A Difficult Problem”.

'Jagaban' has a wide network and surely knows how to cultivate power because he is blessed with unparalleled humility and the ability to coordinate man and material to pursue his aspiration without taking anyone for granted. As a political

gladiator who has been around for a long time, fought military regimes and used external influence to create awareness for the return to democracy, 'Jagaban' is no doubt, the man that is set to win the 2023 election. Consequently, he attracts all kinds of news that are for and against him but he remains resolute and sustains a large appetite for getting involved in every political activity whilst building a concrete pillar of followership that is habituated to his enthralling leadership style which cuts across the socio-economic and or ethnoreligious divide. Simply put, he is truly a man of the people.

An African Proverb:

“You Must Judge A Man By The Work Of His Hands”.

According to our research, the word 'JAGABA' means 'leader of warriors'. "JAGABAN BORGU" means "leader of Borgu land warriors". Our father the late Emir of Borgu, His Royal Highness, Mai Borgu, Alhaji (Senator) Halliru Dantoro III, revealed why he named National Leader of the All Progressives Congress (APC) Asiwaju Bola Ahmed Tinubu, the 'JAGABAN BORGU', and I quote;

“When God made me the Emir, I said this man was there when I was in dire need of help so why can't I use my position to make him what I feel will help him in future, politically. That was why

I honoured him with the title of 'JAGABAN'”.

On 26th February 2006 the first-class emir turbaned Asiwaju and his wife, Senator Remi Balikisu Tinubu with the prestigious titles of 'JAGABAN BORGU' and 'YUN BANA JAGABAN BORGU' respectively.

"It was in the days of the ill-fated 3rd Republic, in the fateful year of 1992 that my path first crossed that of His Excellency, Senator Bola Ahmed Tinubu. We were both elected into the Senate of the Federal Republic of Nigeria, He as an SDP (Social Democratic Party) Senator and I on the platform of the NRC (National Republican Convention). In the early days of the National Assembly of that still-born Republic, out of the dynamic social turbulence and constantly shifting political quicksand certain strong bonds of understanding, collaboration and partnership were forged between various leaders across the political divide.

In particular, I and Senator Bola Ahmed Tinubu, though from opposing sides of the political divide, gradually discovered that our positions on issues of burning national importance increasingly propelled both of us and few other like-minded patriots in the same political direction. Naturally, therefore, at the inter-personal level, we both easily gravitated towards each other. Little were we to know that difficult and dangerous times lay ahead for the entire nation.

In November 1993 all democratic institutions across the country including the National Assembly were dissolved by the Gen. Sani Abacha regime and the country was returned to Military rule. It is on record that the first challenge to this unconstitutional take over was mounted via a Press Conference which followed a closed-door meeting of about 35 Senators including myself, Senator Chuba Okadigbo, Senator Abu Ibrahim and of course Senator Bola Ahmed Tinubu. There is hardly any point describing the security situation as at then, but suffice it to say that we were all hounded with incessant threats, arrests and incarcerations.

Eventually, the struggle assumed darker dimensions and various pro-democracy proponents had to go underground. IT WAS IN THE COURSE OF THESE STRUGGLES THAT I CAME FACE TO FACE WITH THE INNER CORE OF THE ESSENTIAL CHARACTER OF SENATOR BOLA AHMED TINUBU. I DISCOVERED THAT HE IS ONE PERSONALITY THAT CAN NEITHER BE BOUGHT NOR

DISTRACTED. HE HAS ABSOLUTELY NO SENSE OF MATERIALISM AND HAS BEEN KNOWN TO RISK HIS LIFE AND THE LIVES OF HIS DEAR ONES IN DEFENSE OF THE TRUTH. HE PERSONIFIES THE SUPERIOR LOGIC OF HAVING ELECTED INSTEAD OF SELECTED LEADERS. NEEDLESS TO SAY, HE IS A DIE-HARD WORKAHOLIC”.

In conclusion ladies and gentlemen, the Kingmaker is now becoming a King after three (3) decades of political investment. We are inspired and committed to his cause due to the following genuine reasons;

1. A pledge can only be a promise kept once it has been fulfilled. A promise is a promise in all scriptures of all faiths. Our great party, the APC promised to return power to the South after two (2) terms of presidency in the North. Your Excellency, your endurance sustained the liquidity of our great party, your sacrifice and loyalists made sure no candidate emerged to compete with President Muhammadu Buhari in 2019 and we won the election. Your Excellency, you have paid your dues and your entry into the presidential contest was only a matter of time.
2. Your Excellency, JAGABAN, you are the epitome of humility and human progress as exhibited in your social and political works over the years. Certainly, you are a mirror of our founding fathers namely, Sir Ahmadu Bello, Sir Abubakar Tafawa Balewa, Chief Obafemi Awolowo, and Dr. Nnamdi Benjamin Azikiwe, all of the blessed memory. These were statesmen who were heroes of democracy and Chief Servants of the people. Your character and attitude are a reflection of these fathers of civilization and that, precisely, endeared us to you.
3. Mai Borgu' said 'Jagaban' personifies the superior logic of having elected instead of selected leaders. Your participation in the recent Ekiti election has reconfirmed your leadership style and it has led to the emergence of Mr Biodun Oyebanji as the Governor-Elect.

Finally, they always say that for every successful man, there is a strong and successful woman. Ladies and gentlemen Senator Remi Balikisu Tinubu, founder of the New Era Foundation and the woman behind the numerous success stories of our Leader, 'Jagaban Borgu'.
